ECONO LINE CUP & LID DISPENSERS

SANITARY SINGLE DISPENSING!

PPM is pleased to introduce our new line of cup and lid dispensers for your food service locations. Our Econo Line can be configured to dispense all types of cups and lids including coffee, fountain* frozen beverage and portion control. These cost effective dispensers are less expensive than our major competitors and take up less space on the counter top.

DIMENSIONS

6 3/8" X 18 3/4"
HEIGHT WILL VARY BETWEEN DIFFERENT UNITS

DIFFERENT VARIATIONS

COFFEE, FOUNTAIN, FROZEN BEVERAGE, DELI & SOUP CONTAINERS, PORTION CONTROL, PAPER & PLASTIC FOOD CUPS, AND SO MUCH MORE! VERTICAL, MINI, STACKED, CUSTOMIZED DISPENSERS AVAILABLE!

One Touch Dispensing

These dispensers only require the customer to touch once during the dispensing process. This is an effective way to reduce germs and inhibit the spread of bacteria. This provides an effective alternative to stacking cups on the counter.

- Lower Cost
- Smaller Profile
- Long Lasting
- Configure To Your Needs

Customization

These new spring-loaded countertop cup dispensers are also totally customizable. The unique combination of sizes and the addition of other condiment and flat ware essentials, such as compartments for straws are a few of the variations and adaptations that are available!

* due to the wide variety of fountain lids, we custom fit the gasket to ensure consistent dispensing

DISPENSES CUPS AND LIDS!
COFFEE LIDS, CUPS, AND EVEN DOMED LIDS!

FROZEN BEVERAGE CUP AND LID DISPENSING STATIONS FOR DOMED LIDS

THE IDEAL CHOICE FOR FROZEN BEVERAGE CUP AND LID DISPENSING

The cup and lid dispenser are made specifically for frozen beverage cups and frozen beverage domed lids.

A LOW COST SOLUTION!

A low cost solution that allows the integration of clear domed lids and cups into one countertop dispenser.

SAFE AND SANITARY DISPENSING

Our unique gasket system helps protect the rim of the cups from airborne bacteria.

Additional germ shield protection for the lids!

Germ shield protection is available for the cups if requested.

GERM SHIELD PROTECTION

GASKET PROTECTION FOR THE RIM OF THE CUPS

GRAB & GO COUNTERTOP LID DISPENSERS

SANITARY COFFEE LID DISPENSING!

Introducing a safe and sanitary new way to dispense coffee lids for your foodservice or c-store location. Our cost-effective countertop lid dispensing alternative is easy to load, dispenses with ease, dispenses coffee lids, cups, and domed lids, and comes with additional germ shield protection for the lids.

DIMENSIONS

2 Tier Units Are 5.75" Wide X 12" Deep
3 Tier Units Are 5.75" Wide X 13" Deep

**FOR USE WITH DOMED COFFEE LIDS,
DOMED FROZEN BEVERAGE LIDS,
AND CUPS**

**WITH GERM SHIELDS FOR
ADDED PROTECTION**

**DIFFERENT VARIATIONS
SLANTED, VERTICAL, OR STACKED DISPENSERS AVAILABLE!**

One Touch Lid Dispensing

These lid dispensers only require the customer to touch the lids once during the dispensing process. This is an effective way to reduce germs and inhibit the spread of bacteria. This provides an effective alternative to stacking coffee lids on the counter, which makes customers have to handle lids multiple times, even having to put some back after grabbing too many lids.

**NO MORE UNNECESSARY
HANDLING OF LIDS**

JUST GRAB & GO!

WITH GERM SHIELD PROTECTION

These Units can be equipped with our germ shields, which help inhibit the spread of bacteria on the surface of the lids and cups

Customization

These new spring-loaded countertop lid dispensers are also totally customizable. The unique combination of sizes, number of lids the unit dispenses, combinations of cups and lids, or the addition of other coffee bar essentials, such as compartments for condiment holders, jacket holders, and stir straw compartments are a few of the variations and adaptations available!

**CUSTOM SIZING!
AVAILABLE IN 1, 2, 3 & 4 HIGH UNITS**

**DISPENSES CUPS AND LIDS!
COFFEE LIDS, CUPS, AND EVEN DOMED LIDS!**

INTRODUCING

ULTRA-CLINGS & MAGNI-CLINGS

An *Exciting New Material* That Clings to Stainless Steel, Aluminum, and More!

Perfect For Coffee Servers, Coffee Airpots, Tea Urns, Frozen Beverage Machines, Fountain Drink Dispensers, And More!

ULTRA-CLINGS

Identify your coffee brewer, airpot, warmer, server, tea urn, or frozen beverage dispenser, with our NEW! Ultra Clings. We provide bright, and attractive digitally printed Ultra-Clings in custom shapes and sizes.

Ultra-Clings are an innovative polyester material designed to cling to stainless steel, aluminum, most plastics, and most glass. Ultra Clings are a perfect fit for numerous food service applications.

Ultra-Clings are durable, long-lasting, easy to apply or remove, and re-usable multiple times. There is no residue left from the clings to scrub or scrape off when you want to make a change, preserving that brushed stainless-steel.

Use Ultra-Clings in front of the counter; even behind the counter or at the counter for storage, giving Ultra-Clings countless uses and distinct purposes.

BENEFITS

- Sanitary
- Cost-Effective
- Long-Lasting
- Customizable
- Any Shape and Size!
- Easy To Apply
- No Adhesive
- Removable
- Easy Removal
- Reusable
- Clings To Cold Surfaces
- Clings To Hot Surfaces
- Quickly Change Between Flavors
- Easily Keep Up With Changing Promotions
- Works On Stainless Steel, Aluminum, Most Plastic, Glass and More!
- Extremely Durable

MAGNETIC-CLINGS

Along with our Ultra-Cling material, there is another alternative to permanent decals. We are introducing Magnetic-Clings into our line of products.

Magnetic-Clings can cling to ferritic stainless steels and most metals, which allows you to market your flavors or products however you would like. Our team can work with custom sizes and shapes to get you the perfect Magnetic-Cling for you!

Ferritic Stainless Steels are typically magnetic, such as grades 409, 430 and 439. Particular food service equipment is manufactured from these grades of stainless steel.

CLINGS WILL WORK WITH A LARGE VARIETY OF FOOD SERVICE INDUSTRY EQUIPMENT BRANDS!

FOUNTAIN DRINK DISPENSER ULTRA-CLINGS & MAGNI-CLINGS

FOUNTAIN BEVERAGE DISPENSER MERCHANDISING AND ADVERTISING ULTRA-CLINGS & MAGNETIC-CLINGS

Many fountain beverage dispenser brands are made from ferritic stainless steel. In those instances, our Magni-Clings are another alternative to consider for merchandising on those machines. Magni-Clings are a printable thin magnetic film and are another option to be considered when applicable.

CROSS PROMOTION

Ultra-Clings and Magnetic-Clings are great for cross-promotion of products on fountain beverage dispensers. With these clings, the restaurants, other food service establishments and convenience store clients can easily keep up with their ever-changing promotions, such as new products, specials, holiday promotions and more!

THE SANITARY OPTION

The ability to swap out clings will afford a sanitary solution to food and convenience service partners who use permanent adhesive decals. There is no residue build-up and the application surfaces can be cleaned at any time by simply removing the cling!

A VISUAL AESTHETIC

Along with the promotional and sanitary advantages of Ultra-Clings and Magnetic-Clings is the ability to dress up your fountain beverage dispenser. This will help your flavors stand out from the competition.

COST-EFFECTIVE

Ultra-Clings are a cost-effective alternative to wraps and permanent decals. Permanent decals, when removed, require a lot of time to clean the affected area. Wraps are more expensive to make, so changing flavors or promotions can become uneconomical.

CUSTOMIZABLE

Plastic And Products Marketing PC Creamer And Condiment Cup Dispensers are completely customizable. The dispensers, which are made to your specifications, give a great solution for organization on your counter space. Height, width, and custom branding are all to your discretion and specifications. Units can also be paired with other organizers and bases. (pictured above)

A great way to brand these units is with custom decals or our Ultra-Clings!

GRAVITY FED DESIGN / MODERN DESIGN

These units are gravity fed, so PC Creamer cups dispense with ease every time. The units are easy to load and they do not take up much counter space. The sleek and modern design is attractive to look at, dressing up any counter space.

ELIMINATES UNNECESSARY HANDLING OF PC CUPS DETERS THEFT (PILFERAGE)

Our portion control condiment dispensing systems are an extremely sanitary way to dispense PC creamer or condiment cups. **Eliminating the unnecessary handling of PC creamer or condiment cups is an effective way to ensure that your customers know that their health and well-being are priorities to you!** These dispensers also aid in deterring theft and pilferage.

ONETOUCH COFFEE STIR STRAW DISPENSER

The Sanitary And Cost Effective Dispensing Solution!

ONE TOUCH DISPENSING SOLUTION

DIMENSIONS

Made to accommodate stirrers 5 inches and up.

(Dimensions May Vary Between Different Units)

Introducing a new, sanitary, and **cost-effective** way to dispense coffee stirrers to your customers, The Push N Go Sanitary Coffee Stirrer Dispenser from Plastic And Products Marketing. This new design provides customers with sanitary coffee stirrers with minimal unnecessary handling. **By using this dispenser you can save up to 5X the cost of buying boxes of stir straws instead of individually wrapped stir straws.**

NEW
ANTIMICROBIAL
TECHNOLOGY

We are now incorporating a new material on our dispense lever that helps inhibit the spread of viral bacteria on surfaces!

**CUSTOM BRANDING AVAILABLE WITH
CUSTOM DECALS OR ULTRA-CLINGS!**

A SAFE AND SANITARY LEVER

We provide an effective anti-microbial copper-infused barrier on the dispense lever to help inhibit germs and bacteria.

This dispenser uses a lever that is pushed instead of the typical cylinder that is turned by the customer. This helps ensure that there is minimal unnecessary handling.

WIDER (MINIMAL TOUCH) LANDING ZONE

The Push N Go Coffee Stirrer Dispenser is constructed with a wide landing zone for the coffee stirrer. This ensures that the unit will not be touched more than it needs to be and the customer only comes into contact with their dispensed stirrer.

(BM Series)**

These Merchandisers are perfect for point of sale dispensing, displayment, and the overall functionality and innovative designs help save counterspace.

3T-BM-41515

This multi-use three tier holder is perfect for merchandising coffee, tea, or other boxes for dispensing.

4"W X 15"D X 14.5"H

BM-9717

Perfect for displaying and dispensing tea packets and coffee creamers, this unit is a great addition to your point of purchase.

8.5"W x 6.5"D x 16.75"H

BM-8720

Much like the BM-9717, this slightly bigger holder allows you to display and dispense, while holding more product. With its sleek design, this holder is perfect for counterspace organization!

7.5"W x 6.5"D x 20.5"H

BM-101012-S

The **BM-101012-S** allows you to display and dispense coffee creamer pods or tea packets. The 10x10 design is perfect for conserving counterspace. This unit also revolves 360 degrees in any direction with a lazy susan design.

The top acrylic plate can also be labeled with decals that we offer. Custom designs are available

10"W x 10"D x 12"H

BM-8820-S

This versatile unit four compartments and an additional top compartment for displaying and dispensing coffee creamers, tea packets, and more. The top doubles as a compartmentalized unit for sweeteners!

8"W X 18" X 19.5"H

Our highly trained staff allows us to provide in-house design and engineering, rapid prototyping, manufacturing, graphic design and printed services to all of our clients. We combine your insight along with inspiration, innovation and perspiration to provide convenient solutions for your customers and help you to grow your brand.

The **Push & Go**® **LID DISPENSER**

Elimates Waste
Clean, Safe & Sanitary
Attractive, Neat & Organized
Reliable Increased Efficiency
Use in front or behind counter
Easy to load

9.75" x 7.5"

Our revolutionary design dispenses one lid at a time. It eliminates waste, is clean & sanitary and very easy to load! We offer our Push & Go in a large variety of lid sizes to accommodate our customer's cup dispensing needs.

NEW PRODUCTS

This 2-piece Stackable Condiment Carousel can be used for a variety of condiments; ranging from PC dairy creamer cups and sweeteners to sandwich condiments. Made from clear polycarbonate plastic, this unit can be used individually or stacked.

The Push N Go PC Cup Dispenser is a novel approach to displaying and merchandising PC creamer cups and Sweeteners. This unit was originally designed to help reduce pilferage. By dispensing one cup at a time this product helps eliminate customers grabbing handfuls of PC cups which saves you money.

BP2-CARAFE

For the ease of displaying your creamer decanters in an organized and elegant fashion, the BP2-Carafe holds 2 creamer decanters.

Branding & Flavor Identification Made Easy

**Flavor ID
Grips & Collars**

What better way to advertise your Brand & your flavored coffees?

Grips & Collars can be easily moved from one decanter to another.

We can print and have ... most any flavor name imaginable! With a minimum quantity of 100, we can give you custom lettering styles & colors, or artwork on custom decals. Choose from our in-stock selection for small quantity orders. We have 11 colored grips & the ever popular clear.

With Hundred's of Thousands of our grips & collars enhancing coffee programs nationwide, we are sure these Flavor ID's will work for your brand too.

The **FLAVOR ID GRIP®** slides up and stays on the handle and the **FLAVOR ID COLLAR®** clips on snug and keeps it's shape. Both fit Wilbur Curtis® ergonomic & original ... The Bloomfield® & the Bunn-O-Matic® flat handle designs.

Call for a list of our "IN-STOCK" Flavors – Over 25 to choose from!

An Exciting New Material That Clings to Stainless Steel, Aluminum and More!

An Exciting New Material That Clings to Stainless Steel, Aluminum and More!

Custom Printed Ultra Clings Signage for the Forecourt

FOR GAS PUMP AND FORECOURT ADVERTISING

EASY TO APPLY - EASY TO REMOVE - WORKS LIKE STATIC CLING ONLY BETTER!

Why Ultra Clings?

- Low Cost
- Long Lasting
- Easy to Apply
- Easy to Remove
- Durable
- Custom Shapes
- High Impact Graphics
- Leave No Residue
- Applies on Contact
- For Use Indoors or Outdoors
- Use on Stainless Steel
- Use on Aluminum
- Use on Steel
- Use on Most Plastics
- Use on Glass
- Water Resistant

Custom Printed Ultra Clings:

- Engage Customers From The Road
- Engage The Customer as They Pull Up To The Pump
- Engage The Customer as They Leave The Store
- No other forecourt marketing tool allows has so many advantages.
- Advertise store brands and specials, promote customer loyalty.
- Creates new advertising space for other advertisers.
- Engage Consumers
- Cross Merchandise
- Create Customer Loyalty
- Used on many Fuel Dispensers such as Gilbarco, Bennett, Wayne and more

For the most part Gas Pump Advertising only engages the customer in front of the pump using video displays, pump toppers or hose talkers.

Custom printed Ultra Clings bring a whole new dimension to gas pump, gas station, fuel dispenser, forecourt marketing and advertising signage that engages them from the road, as they pull-up to the pump and as they leave your store.

Until now the only way to make use of the side of the fuel dispenser was to use permanent adhesive decals. Not a practical solution considering the mess and difficulty of installation and removal. As a result, the sides of fuel dispensers are often under used. They offer many new opportunities to reach the consumer.

Millions of drivers fill up their vehicles every day and more drive by each hour. The convenience store forecourt is the first impression the consumer gets as he passes by. Clean, neat and attractive gas station forecourts drive the customer to the pump.

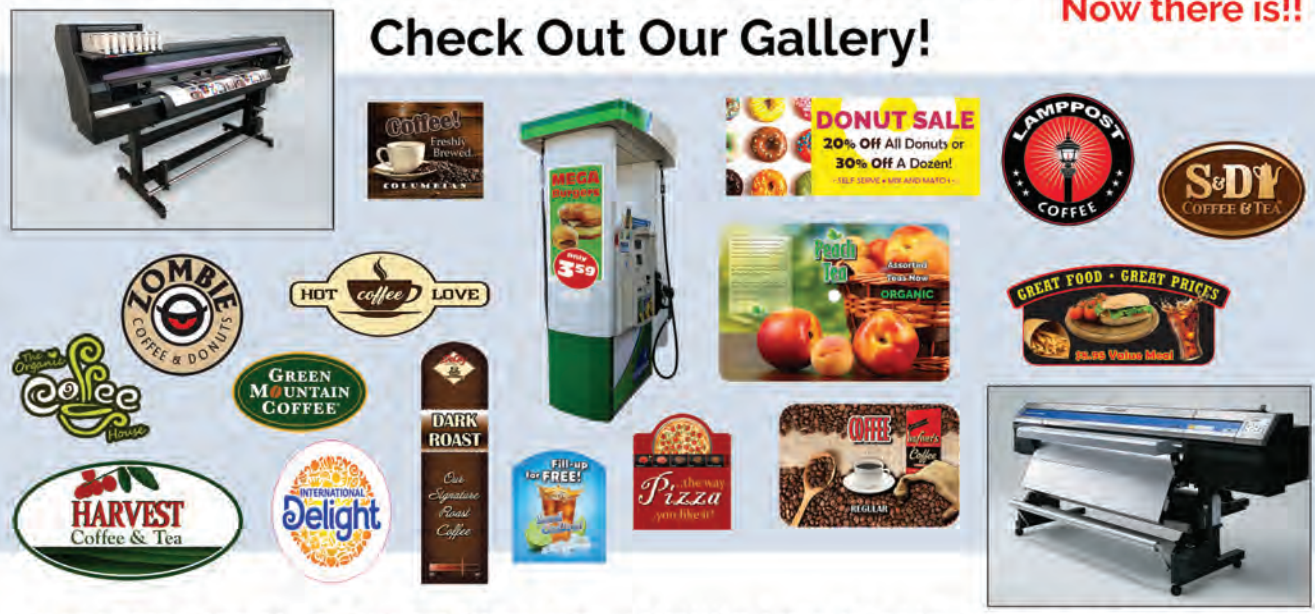

The sides of the gas pump or fuel dispenser is clearly visible from the road and one of the first things the motorist see is the side of the fuel dispenser.

Until now the side of the advertising space on the side of the gas pump has hardly been taken advantage of. Custom printed Ultra Clings change all of that.

Until Now There Has Been No Material That Will Cling or Adhere to Stainless Steel or Aluminum Without Using Permanent Adhesive Decals, Velcro or Wraps.

Now there is!!

Check Out Our Gallery!

EASY TO APPLY - EASY TO REMOVE - WORKS LIKE STATIC CLING ONLY BETTER!

PPM is proud to introduce a revolutionary new cling material that allows you to brand, merchandise and advertise on stainless steel, aluminum, steel, most plastic and glass.

Ultra Clings are long lasting, durable, easy to apply, easy to remove, easy to position leaves no residue, applies on contact and are water resistant. So are excellent for indoor and outdoor use.

PPM Custom Printed Ultra Clings allow you to create high impact graphics along with custom shapes and sizes.

Now you can create the signage, stickers and decals that will work on places you could not apply on before.

Stainless steel is used extensively in hospital and food service environments, commercial and institutional applications. Because of its chemical resistance and hard metallic surface, stainless steel resists corrosion and makes it difficult for bacteria to adhere and survive.

The bright, easily maintained surface of stainless steel provides a modern and attractive appearance.

Everywhere we go we see stainless steel being used in hospitals, food service equipment, appliances, restrooms, elevators, fuel dispensers, beverage dispensers, servers and carafes for coffee, tea and dairy.

We see stainless steel in restaurants, in the kitchen, at serving and prep stations and at the checkout counter. It's everywhere.

The difficulty arises when you want to attach any type of printed material. Your only options are to tape it, use permanent adhesive decals or wrap it.

Creates New Opportunities to Brand, Merchandise and Advertise in Front of the Counter and Behind the Counter.

Plastics & Products M A R K E T I N G

With our line of single-tier to multi-level condiment organizers and display racks, we help you keep any area clean, neat and orderly. Our vast selection of in-stock inventory as pictured in this catalog also makes it easy for you to fill an immediate need with a versatile product.

We can customize any of our products to your exact specifications or design one that will fit your exact needs. We are also happy to convert your art and custom design art in your brand or theme for quality decals for headers, signs, tags, and shelves. Our knowledgeable customer service staff and skilled graphics department team up to render several digitized prototypes for your selection. We consistently maintain quick turn around times and aim to continually meet and exceed your expectations.

We stand behind our products for quality, workmanship, and materials. Products are not warranted for improper cleaning or use of harsh chemicals, including alcohol or ammonia; best cleaning results by using mild soap and water with a soft cloth or other cleaners specifically designated for use on plastic.

Please call for a quotation on larger quantities.

We accept major credit cards.

Open accounts require application of credit.
